(CICESE)

OPEN CALL

CICESE is seeking to fill a RESEARCHER position for the Physical Oceanography Department of the Oceanology Division.

REQUIREMENTS:

a) Academic Training:

- Candidates must have a PhD degree and proven ability to carry out original and independent research in the areas of Physical Oceanography or Physics of the Atmosphere.
- Postdoctoral or equivalent experience.

b) Profile:

- Candidates must have experience and abilities in the study of the ocean or atmospheric physics in subjects relating to geophysical fluid dynamics, numerical modeling and observational oceanography or meteorology.
- Candidates must have Ability and willingness to advise students at the master's and doctoral levels and teach postgraduate courses in the areas of oceanography or meteorology.

c) Skills:

Ability to successfully submit projects to national and international financing agencies to obtain the economic resources needed to carry out scientific research and to be involved in outreach or capacity building projects with the private, social or government sectors.

EVALUATION PROCEDURE

Candidates are expected to give an academic seminar at the Physical Oceanography Department (DOF) and participate in conversations with DOF staff. Videoconference interviews will be considered.

If the Selection Committee does not decide for any candidate, the call will be declared void, and a new one will be issued.
